

qualifying, low-income consumers and that it has received any non-federal regulatory approvals necessary to implement the required rate reduction.

(3) *Tier Three.* Additional federal Lifeline support in an amount equal to one-half the amount of any state-mandated Lifeline support or Lifeline support otherwise provided by the carrier, up to a maximum of \$1.75 per month in federal support, will be made available to the carrier providing Lifeline service to a qualifying low-income consumer if the carrier certifies to the Administrator that it will pass through the full amount of Tier-Three support to its qualifying low-income consumers and that it has received any non-federal regulatory approvals necessary to implement the required rate reduction.

(4) *Tier Four.* Additional federal Lifeline support of up to \$25 per month will be made available to a eligible telecommunications carrier providing Lifeline service to an eligible resident of Tribal lands, as defined in § 54.400(e), to the extent that:

(i) This amount does not bring the basic local residential rate (including any mileage, zonal, or other non-discretionary charges associated with basic residential service) below \$1 per month per qualifying low-income subscribers; and

(ii) The eligible telecommunications carrier certifies to the Administrator that it will pass through the full Tier-Four amount to qualifying eligible residents of Tribal lands and that it has received any non-federal regulatory approvals necessary to implement the required rate reduction.

(b) For a qualifying low-income consumer who is not an eligible resident of Tribal lands, as defined in § 54.400(e), the federal Lifeline support amount shall not exceed \$3.50 plus the tariffed rate in effect for the primary residential End User Common Line charge of the incumbent local exchange carrier serving the area in which the qualifying low-income consumer receives service, as determined in accordance with § 69.104 or § 69.152(d) and (q) of this chapter, whichever is applicable. For an eligible resident of Tribal lands, the federal Lifeline support amount shall not exceed \$28.50 plus that same End User Common Line charge. Eligible

telecommunications carriers that charge federal End User Common Line charges or equivalent federal charges shall apply Tier-One federal Lifeline support to waive the federal End-User Common Line charges for Lifeline consumers. Such carriers shall apply any additional federal support amount to a qualifying low-income consumer's intrastate rate, if the carrier has received the non-federal regulatory approvals necessary to implement the required rate reduction. Other eligible telecommunications carriers shall apply the Tier-One federal Lifeline support amount, plus any additional support amount, to reduce their lowest tariffed (or otherwise generally available) residential rate for the services enumerated in § 54.101(a)(1) through (a)(9), and charge Lifeline consumers the resulting amount.

[62 FR 32948, June 17, 1997, as amended at 63 FR 2128, Jan. 13, 1998; 65 FR 38689, June 21, 2000; 65 FR 47905, Aug. 4, 2000]

§ 54.405 Carrier obligation to offer Lifeline.

All eligible telecommunications carriers shall:

(a) Make available Lifeline service, as defined in § 54.401, to qualifying low-income consumers, and

(b) Publicize the availability of Lifeline service in a manner reasonably designed to reach those likely to qualify for the service.

[65 FR 47905, Aug. 4, 2000]

§ 54.407 Reimbursement for offering Lifeline.

(a) Universal service support for providing Lifeline shall be provided directly to the eligible telecommunications carrier, based on the number of qualifying low-income consumers it serves, under administrative procedures determined by the Administrator.

(b) The eligible telecommunications carrier may receive universal service support reimbursement for each qualifying low-income consumer served. For each consumer receiving Lifeline service, the reimbursement amount shall equal the federal support amount, including the support amount described

Federal Communications Commission

§ 54.411

in § 54.403(c). The eligible telecommunications carrier's universal service support reimbursement shall not exceed the carrier's standard, non-Lifeline rate.

(c) In order to receive universal service support reimbursement, the eligible telecommunications carrier must keep accurate records of the revenues it forgoes in providing Lifeline in conformity with § 54.401. Such records shall be kept in the form directed by the Administrator and provided to the Administrator at intervals as directed by the Administrator or as provided in this Subpart.

§ 54.409 Consumer qualification for Lifeline.

(a) To qualify to receive Lifeline service in a state that mandates state Lifeline support, a consumer must meet the eligibility criteria established by the state commission for such support. The state commission shall establish narrowly targeted qualification criteria that are based solely on income or factors directly related to income. A state containing geographic areas included in the definition of "reservation" and "near reservation," as defined in 25 CFR 20.1(r) and 20.1(v), must ensure that its qualification criteria are reasonably designed to apply to low-income individuals living in such areas.

(b) To qualify to receive Lifeline service in a state that does not mandate state Lifeline support, a consumer must participate in one of the following federal assistance programs: Medicaid; food stamps; Supplemental Security Income; federal public housing assistance; and Low-Income Home Energy Assistance Program. In a state that does not mandate state Lifeline support, each eligible telecommunications carrier providing Lifeline service to a qualifying, low-income consumer must obtain that consumer's signature on a document certifying under penalty of perjury that the consumer receives benefits from one of the programs listed in this paragraph and identifying the program or programs from which that consumer receives benefits. On the same document, a qualifying low-income consumer also must agree to notify the carrier if that

consumer ceases to participate in the program or programs.

(c) Notwithstanding paragraphs (a) and (b) of this section, an individual living on a reservation or near a reservation, as defined in 25 CFR 20.1(r) and 20.1(v), shall qualify to receive Tiers One, Two, and Four Lifeline service if the individual participates in one of the following federal assistance programs: Bureau of Indian Affairs general assistance; Tribally administered Temporary Assistance for Needy Families; Head Start (only those meeting its income qualifying standard); or National School Lunch Program's free lunch program. Such qualifying low-income consumer shall also qualify for Tier-Three Lifeline support, if the carrier offering the Lifeline service is not subject to the regulation of the state and provides carrier-matching funds, as described in § 54.403(a)(3). To receive Lifeline support under this paragraph for the eligible resident of Tribal lands, the eligible telecommunications carrier offering the Lifeline service to such consumer must obtain the consumer's signature on a document certifying under penalty of perjury that the consumer receives benefits from at least one of the programs mentioned in this paragraph or paragraph (b) of this section, and lives on or near a reservation, as defined in 25 CFR 20.1(r) and 20.1(v). In addition to identifying in that document the program or programs from which that consumer receives benefits, an eligible resident of Tribal lands also must agree to notify the carrier if that consumer ceases to participate in the program or programs.

[65 FR 47905, Aug. 4, 2000]

§ 54.411 Link Up program defined.

(a) For purposes of this subpart, the term "Link Up" shall describe the following assistance program for qualifying low-income consumers, which an eligible telecommunications carrier shall offer as part of its obligation set forth in §§ 54.101(a)(9) and 54.101(b):

(1) A reduction in the carrier's customary charge for commencing telecommunications service for a single telecommunications connection at a consumer's principal place of residence. The reduction shall be half of
